

BRITISH TAKE THOUSANDS OF PRISONERS

CRUSH GERMAN ARMY ON BATTLE FRONT OF TWENTY THREE MILES

Successes of Armies Under Generals Byng and Rawlings Has Been One of Most Disastrous Days Ever Experienced By Huns—Bringing Up Reserves By Enemy Fail to Stop Rushing British.

WITH THE BRITISH ARMY IN FRANCE, Aug. 23.—By the Associated Press.—Victorious on a battle front of twenty-three miles extending from the Cojeul river on the north across the Ancre and Somme rivers almost to Lihons, the third and fourth British armies under Generals Byng and Rawlinson at mid-afternoon were vigorously following up their successes of today, which apparently has been one of the most disastrous days ever experienced by the Germans.

The enemy has lost wide stretches of ground, numerous towns, thousands of men made prisoner and large quantities of materials and guns. He also again has had heavy casualties.

Crown Prince Rupprecht of Bavaria, the German commander, has thrown his men in before the advancing British armies in an effort to stave off the inevitable, but only to have them mowed down again and again by storms of metal which poured from the British guns. One entire enemy battalion was annihilated during the fighting. Dead Germans in great numbers scattered everywhere over the battlefield. As an example, 400 enemy dead were observed this morning on one small piece of ground over which the battle had swept.

British Casualties are Light With this fierce fighting and notwithstanding the fact that the British in many places have fought over open ground against an enemy protected in "pot" holes and strong points of other kinds, the British losses everywhere seem to have been extraordinarily light. This probably is due to the confusion the Germans find reigning behind their lines as they are fighting a losing battle which for them hourly grows more disastrous.

Crown Prince Rupprecht today had strengthened his line at many places but this instead of stopping the British, simply meant that the Germans suffered bigger losses. During the night and this morning the front upon which the battle was being fought yesterday was widened appreciably both to the north and the south, while the ground in the middle between Albert and Beaumont-sur-Ancre which heretofore had been fairly quiet suddenly was drawn into the whirl. From the northern edge of the battle field to the south the situation at last reports seemed to be as follows:

New attacks from the river Cojeul and south carried the British across the Albert-Arras railroad embankment. The British apparently hold Boiry-Becquere and Boileles and have passed beyond the Arras-Bapaume road.

Troops just to the south, who for two days had been fighting and afterwards from the embankment, stormed forward and reached Hamelincourt and are pushing on toward Ervillers, St. Leger and Croisilles. Airplanes reported that British tanks had crossed the road between Ervillers and St. Leger. While some infantry was reported to be less than a thousand yards west of Ervillers some hours ago. At about that time an airplane reported the Germans had disappeared from positions northwest of St. Leger and between that town and Hamelincourt.

Fighting south of this region began in the night, when strong British forces assailed Gomicourt. After killing many Germans and capturing 500 in Gomicourt alone, Field Marshal Haig's men continued their forward movement and at last reports were pushing steadily onward.

Fighting south of Gomicourt today was especially severe. Incidentally this movement is in around the rear of Achiet-le-Grand. At the same time the British here have launched another frontal attack on the enemy's stronghold were again in hard fighting. While the battle was raging British planes were helping the fighters by heavily bombing or using machine guns. A direct hit was made on a building at the rear of which were a number of touring cars. The building apparently was a German headquarters. South of Achiet-le-Grand the New Zealanders "played dead" until the advancing infantry was almost on top of them. Then they put down a heavy machine gun barrage at the rear of the Germans who surrendered in a body, just north of Miraumont. A slightly south the British have crossed the Ancre river and started back in the general direction of Courcellette. Already they are reported to be southeast of Grandcourt. This move menaces the German stronghold at Thiepval, an old fortress. At Albert the British pushed forward toward Tara Hill at the back of that town. An airplane report of about noon said the British troops held the entire position. About the same time German shells started breaking on Tara, while British shrapnel could be seen bursting some distance on the other side of it. Considerable numbers of prisoners were taken in this locality.

WAR SUMMARY

News of Activities On Various Battle Fronts Summarized Form By Associated Press.

Over the fifty mile battle front from Arras to south of Soissons the German armies are meeting with defeats which apparently spell disaster. Everywhere British and French forces have continued on the attack and the enemy has been worsted.

The British over thirty miles of the fighting zone from the Cojeul river southeast of Arras to Lihons south of the Somme have taken many towns and enemy territory has been penetrated several miles. The French are fighting between the Matz river and the territory north of Soissons, have made good gains in the envelopment of Noyon and the general maneuver which seeks to crush or drive out the Germans between the Somme and the Ailette and to put into jeopardy the entire German line reaching to Rheims.

The Germans brought up large reinforcements to stay the progress of Haig's army but without avail. Where they were able momentarily to hold back they were forced to cede the ground demanded, paying a terrible price in men killed, wounded or made prisoner.

The entire Arras-Albert road has been crossed by the British. The strongly held positions where the Germans saw disaster facing them if they fell were stormed and captured and the British passed them going eastward. Notable among these places were Achiet-le-Grand, where bitter fighting has been in progress for several days; Boyelles and Gomicourt northeast of Albert. The taking of Achiet-le-Grand and farther east of the town of Bihucourt gives Haig a dominating position over Bapaume from which the railway and highway run eastward to Cambrai. Further south the old fortress of Thiepval is surrounded on three sides and its capitulation must follow.

Friday night saw the British standing well to the east of Albert and south of the Somme where they were holding Chignolles and Chignoles and had thrown out forces eastward to outflank Bray on the south and Chaulnes on the north. Midway of the battle line south of the Somme around Roye there has been little fighting, the allied commander evidently reasoning that with both wings on his drive in this region, Arras and Soissons working smoothly in the movement which is likely to compel the Germans to seek refuge behind the old Hindenburg line, ground soon will have to be given here automatically in order to save large numbers of men, guns and supplies from capture.

With the continuation of the French drive from the Matz river around the bend in the line to the north of Soissons, however, particularly north of Soissons the Germans still within the lower portion of the old salient apparently are on dangerous ground. The French are still busily engaged in their drive in this region. They have crossed the Divette river near Evricourt and at several other points have forced the Ailette and Oise and north of Soissons are standing east of Bagneux and west of Crecy-au-Mont. A swift turning movement across the Oise from the latter region would be likely to work havoc with the Germans in this sector.

Altho the Americans at the commencement of the Somme offensive were brigaded with the British along the northern bank of the Somme, no mention of their having taken part in the fighting has been made. It is probable that they have been moved to some other part of the battle front from which Marshal Foch contemplates another smash at the enemy.

HEAVY DEMANDS ON AMERICAN RED CROSS

Campaign in Siberia Calls for Many Nurses and Much Equipment.

Washington, Aug. 23.—Heavy demands on the American Red Cross in connection with the international campaign against the Germans, Austrians and Bolsheviks in eastern Siberia, were forecast in a cablegram from the society's representative at Vladivostok. Steps already have been taken to meet the needs and patients are being cared for at several points by the personnel of the Red Cross already on the ground.

Sixty Czechs and seventeen British soldiers have been added to hospital at Vladivostok taken over by the Red Cross.

At the request of General Dietrichs, commander of the Czechoslovaks the Red Cross has begun the equipment of a base hospital at Harbin containing 400 to 600 beds.

VOLCANIC ERUPTIONS.

Buenos Aires, Aug. 23.—Government telegraph stations report that the eruptions in Mounts Llama and Lanau, in the territory of Neuquen, are not serious. The inhabitants of two towns near the mountains were reported to have left their homes.

SINK BRITISH FREIGHTER

New York, Aug. 23.—Shelled and torpedoed by a big submarine just at sunrise Wednesday, the British freighter Diomed, in ballast, Liverpool to New York, was sunk with the loss of two of her crew and wounding of many others, 125 miles east of New York. Of the 104 survivors including a number of Chinese seamen, rescued and brought here by another steamship, many had been cut by shrapnel and scalded by steam when a torpedo crashed thru the boiler room.

MARINE LETTERS.

Washington, Aug. 23.—Relatives and friends of Marines fighting in France were called upon by Marine Corps headquarters today to forward letters describing interesting incidents at the front so that they may be incorporated in the permanent records of the corps. Where desired, the letters will be copied and returned.

HOWARD OUTGITS SMITH.

Jersey City, N. J., Aug. 23.—Johnny Howard of Bayonne, N. J., outgitted Jeff Smith, boxing instructor at Camp Dix in seven rounds of an eight round bout at the Jersey City Baseball park tonight. Smith had the advantage only in the third round.

FIGHT TO DEFER CALLING YOUTHS OF 18 AND 19

House Military Committee Wants Older Men Taken First

WASHINGTON, Aug. 23.—Champions of the house military committee's plan to direct the war department to defer calling youths of 18 and 19 until older men have joined the colors lost their initial fight late today and the way was paved for the passage of the bill by the house tomorrow.

In the senate disposal of minor amendments caused leaders to hope that the measure could be passed there also before the week end adjournment tomorrow.

At the close of a day of vigorous debate the house rejected, 167 to 129 the amendment of Representative McKenzie of Illinois, written into the bill by the military committee directing separate classification and delay in calling youth from 18 to 20.

Amendments by Representatives Johnson of Washington and Blackburn of Alabama to fix the draft age minimum at 19 and 20 years also were defeated.

Representative Tilson of Connecticut, amid cheers called on four marines in the galleries to stand in evidence that youths of 18 make excellent soldiers. This was after Representative Johnson of Washington had presented a small 18 year old page in a soldier's coat and trench helmet to support his claim that 18 year olds are mere children.

Representative Olney of Massachusetts aroused patriotism of the house by declaring British and French troops conceded it was the American marines who at Chateau Thierry stopped the German rush in July and saved Paris.

Plans for a final vote on the measure in the house tonight were lost in the midst of a wrangle over an amendment by Representative Madden of Illinois prohibiting deferred classification of government employees because of their employment. Before a vote could be taken a motion to adjourn was carried and the amendment with several other minor ones went over until tomorrow.

President Wilson in a conference with Senators Martin and Simmons today exerted his influence to have the amendments placing restrictions on the calling of youths of 18 and 19 defeated. The amendments were understood to have informed senators he thought the "work or fight" amendment unnecessary. Senators Lodge of Massachusetts and Thomas of Colorado made the principal speeches today in behalf of the bill.

The house agreed to an amendment by Representative Gregg of Texas which would make members of congress and state legislatures as well as state and federal executive officers liable under the draft. More than 100 members of congress would be subject to the draft if the amendment were enacted into law.

An amendment by Representative McCulloch which also agreed to would require the enrollment of all citizens of co-belligerent nations and make them subject to draft in this country except where treaties would be violated.

The house also voted favorably on an amendment by Representative Campbell of Kansas, placing farmers in deferred classification.

All votes in the house today were in the committee of the whole and it is expected that at least one of them, the McKenzie amendment will be the subject of a separate vote when the house technically resumes formal session before the final vote.

In disposing of minor amendments the senate adopted the provision authorizing transfer of draft board members within their own states as desired by Provost Marshal General Crowder.

GRANT INCREASED WAGES.

Washington, Aug. 23.—Increased wages will be granted employees of the Denver and Salt Lake as of January 1, as back payments made immediately. The railroad administration also will make \$600,000 repairs on the road, which is considered especially valuable to the national railroad system because it reaches a number of high production coal mines.

FEDERAL RESERVE BOARD.

Washington, Aug. 23.—The federal reserve board today admitted to membership in the federal reserve system the Anderson Brothers Bank of Idaho Falls, Idaho, with resources of \$1,588,000 and the Lovell State bank, Monticello, Iowa, with resources of \$1,152,000.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

BERLIN, Aug. 23.—via London—Attacks by the English have been renewed northwest of Bapaume," says the German official communication issued this evening. "Near Albert and the Somme our counter-attacks are in progress. The artillery engagement between the Ailette and the Aisne has been lively.

ITALIAN ARMY HEADQUARTERS, Thursday, Aug. 23.—The naval committee of the United States congress which is visiting the Italian front had dinner today with King Victor Emmanuel who afterward conversed at length with the visitors and invited them to be present at the ceremony of presenting battle flags to assaulting troops and conferring medals upon various officers and men. The Americans were much impressed by the splendid bearing and dash of the troops, especially a regiment of young recruits who paraded stripped to the waist without fire arms and gave a splendid exhibition of fine physical development.

WITH THE BRITISH ARMIES IN FRANCE, Aug. 23.—By the Associated Press.—British armies this evening are vigorously following up their success of today which apparently had been one of the most disastrous ever experienced by the Germans.

The Germans have lost wide stretches of ground and numerous towns. The British have taken thousands of prisoners and large quantities of guns and material. The British have reached Hamelincourt and are pushing towards Ervillers, St. Leger and Croisilles.

To the south of Marlaumont the British have crossed the Ancre river and have started back in the general direction of Courcellette. Already Field Marshal Haig's forces are reported southeast of Grandcourt.

The British troops seem to be progressing well up the road from Albert to Bapaume. South of the Somme thirty-three officers and fifteen hundred of other ranks have been taken prisoner by the British.

PARIS, Aug. 23.—The French troops in their fighting Friday crossed the Divette river in the region of Evricourt and made progress to the east of Bagneux and to the west of Crecy-au-Mont, lying north of Soissons according to the official communication issued this evening.

The text of the communication follows: "Between the Matz and the Oise there have been violent artillery actions. We have crossed the Divette river in the region of Evricourt.

"Between the Ailette and the Aisne we have made progress to the east of Bagneux and west of Crecy-au-Mont.

UNVARIED SUCCESS ON 50 MILE FRONT

Allied Offensive from Soissons to Arras Raises Hopes for Most Decisive German Defeat.

Washington, Aug. 23.—Almost unvaried success as described in the great dispatches telling of the allied offensive on the 50-mile front stretching from Soissons northward to the environs of Arras raised hopes in military circles here for the most decisive defeat yet administered to the Germans. Observers were of the opinion that General Foch's whittling tactics of the past six weeks have been so effective that opportunity has come for a glorious harvest.

Absence of any mention of American troops in the descriptions of the great fight led to interested speculations as to the whereabouts of General Pershing's thirty divisions which according to a recent announcement are being included in the first American field army.

General March, the chief of staff in his interviews with the press has frequently referred to the return of additional divisions to the American commander in chief. It is thought however, that a considerable number of American troops still are with the British third and fourth armies. The most military officers were at a loss to understand why they had not been identified in the capture of some of the important enemy positions during the day.

SUSTAINS DECISION.

Chicago, Aug. 23.—The U. S. circuit court of appeals today affirmed a decision of Judge Landis in November 11, 1916, when the Elgin, Joliet and Eastern railroad was fined \$20,000 and costs for violating the Interstate Commerce shipping regulations by permitting the Carrier-Lowe company to ship strawboard cartons from Joliet to Indianapolis at a lower rate than the Interstate Commerce Commission's classification required.

PRESIDENT DISCUSSES WAR REVENUE BILL

Discusses Bill With Democratic Leader Martin of Senate, and Senator Simmons of North Carolina.

Washington, Aug. 23.—Disposition of the war revenue bill was discussed today by President Wilson with Democratic Leader Martin of the senate and Senator Simmons of North Carolina, chairman of the senate finance committee which will have charge of the measure when it is received from the house. Several features of the measure when it is received from the house, and war profits taxes and levies on luxuries and amusements were said to have been discussed at the conference. Data was submitted which the president plans to study and it is expected he soon will call other leaders of congress into conference to discuss problems presented and make known his conclusions regarding one or more of the principal questions.

WILL NOT MAKE INDIAN BLANKETS

WASHINGTON, Aug. 23.—To conserve wool for military needs, all woolen mills of the country were requested today by the war industries board to stop manufacture of Navajo or fancy Indian blankets. Indians themselves, whose small production is made upon hand looms are not affected. Another request of the board that the mills divert a portion of their stock into the production of clothing material for loggers engaged in work for the emergency fleet corporation and for the aircraft production.

BRANCH RICKEY APPOINTED MAJOR.

St. Louis, Mo., Aug. 23.—Branch Rickey, president of the St. Louis Nationals tonight was notified by the war department at Washington of his appointment as major in the chemical warfare service of the United States army for overseas service. Mr. Rickey said he expected to leave St. Louis within a short time and after a brief stay in Washington, depart for overseas and would turn the Cardinals over to Hiram W. Mason.

BULLETINS

AMSTERDAM, Aug. 23.—Five persons were killed and considerable damage was done to private property by bombs dropped from allied airplanes on Cologne early Thursday morning, according to an official announcement in Thursday evening's Cologne Gazette, a copy of which has been received here.

WASHINGTON, Aug. 23.—It became known this afternoon that the eighteen enlisted men wounded by accidental discharge of a depth bomb on board the U. S. S. Orizaba, August 17, received only slight injuries in the explosion which killed three of their comrades and commanders William P. Williamson and R. B. White.

WILL NOT APPROVE WAGE INCREASE FOR COAL MINERS

WASHINGTON, Aug. 23.—Increase in the wages of coal miners as a drastic substitute for the stopping of which drastic steps are to be taken will not be approved by Fuel Administrator Garfield. President Frank J. Hayes and other officials of the United Mine Workers of America received this answer from the fuel administrator today in response to their request for a flat increase in wages in lieu of the payment of bonuses. Bonuses were characterized by Mr. Garfield as an "evil".

He announced that the first action toward forcing the abandonment of the practice would be a reduction of 20 cents a ton in the Cambridge and Hocking fields of Ohio and a reduction of five cents a ton in all other Ohio fields excepting the eighth district. From these fields it was said, were received most of the complaints as to the payment of bonuses.

Fuel Administrator Garfield Does Not Favor Flat Rate

WASHINGTON, Aug. 23.—Members of congress and of state legislatures will be subject to draft in the new manpower bill under an amendment by Representative Olney of Texas, adopted by the house late today. It also includes executive officials of the states and United States.

WASHINGTON, Aug. 23.—Fuel Administrator Garfield will not approve a wage increase for coal miners, it was strongly intimated today after he had conferred with officials of the United Mine Workers. He will, however, put a stop to the practice of operators paying bonuses to the miners, thru which system they competed among themselves for mine labor.

WASHINGTON, Aug. 23.—During debate on the manpower bill in the house late today Representative Olney of Massachusetts declared that as a result of the allied retreat before the last German drive on the Marne, two allied generals were court-martialed and another committed suicide. British and French officers conceded, he said, that ten thousand American marines flanked by four regiments of American regulars saved Paris by refusing to retire at Bielleau wood before a dozen or fifteen Prussian regiments.

WASHINGTON, Aug. 23.—The house late today rejected by a vote of 172 to 90 an amendment by Representative Johnson of Washington to change the draft age limits to 19 to 45 in the manpower bill.

In the midst of confusion and uproars over a proposed amendment by Representative Madden of Illinois to make government employees liable to draft, the house hurriedly adjourned at 7 o'clock tonight, deferring till tomorrow the manpower bill until tomorrow.

"OUR CASE AN EXALTED ONE; BUT IN DANGER"

Admiral Von Hintze Tells German Journalists in Berlin.

Amsterdam, Aug. 23.—"Our cause is an exalted one, but it is in great danger," Admiral Von Hintze told a conference of German journalists in Berlin, according to the Cologne Volks-Zeitung. He asked them to co-operate with him. After asserting at what high esteem he held the press, the admiral said: "The press and the government must hold together with one aim—to win the war. If these factors do not hold together we shall be beaten."

"The post of foreign secretary is by no means a desirable one. All objections I had made were dispelled and I have undertaken this responsible post. I am not tacking my task with a bowed head or a heavy heart."

"I shall always show the greatest consideration to the gentlemen of the press. You will find nothing but facts from me but I cannot always give the facts. The entire truth at certain times does not serve, but harms the public interest."

"I am not at all concerned regarding attacks either on my person or against the imperial policy. I am merely concerned with our cause. Our cause is an exalted one but it is in great danger. I therefore call on you to co-operate."

PAYMENTS TO ALLIES PASSES BILLION MARK

Represents Checks Actually Drawn on Treasury and Paid By U. S. Government.

Washington, Aug. 23.—Payments to the allies since the United States entered the war today passed another billion dollar mark and stood at \$6,089,044,750. This represents the aggregate of checks actually drawn on the treasury and paid, as distinguished from credit established or agreements by the United States government to make loans which now amount to \$6,692,044,900.

All credit accounts are open and are being drawn on periodically by the governments to which they are extended, excepting Russia, which has announced a balance of \$137,000,000. Technically this is still available but the Bolshevik government has never presented any demands for payment.

INVESTIGATION RESUMED.

Chicago, Aug. 23.—The Grand Jury investigation of charges of bribery in connection with the passage by the city council of the new traction ordinance was resumed today. Twenty-four aldermen, one former alderman and several business men testified before the body. State Attorney Hoyne declared that he has obtained sufficient evidence to warrant the return of a number of indictments.

The German navy has added to its list the sinking of an unarmed light ship.

U-boats are said to have landed a number of spies on our eastern coast. They already know "over there" that Americans are on the fighting line.

There is more money in circulation now than at any time in the history of the country, notwithstanding the immense amounts loaned the allies. The market basket is coming to its own again.

Our state administration, under Gov. Lowden, has been one of the people of the state can be proud of. Let us nominate and elect men to the legislature that have no hobby horses to ride, but that will support him in his war work.

"Plant a walnut," urges the Emporia (Kan.) Gazette. They may be another war, and then your Boy Scout grandsons will

have an easier time finding gunstock material. In the meantime a couple of generations can have a lot of fun hulling and cracking walnuts.

Irving Cobb, after visiting our colored troops in France, says their splendid appearance and fighting qualities impressed him with the idea that the old-time word "nigger" really spelled "American."

It is rumored that Crown Prince Frederick William has been so criticized because of recent disasters to German troops that he has been granted a vacation for six months by the Kaiser. He has been dubbed the "high jinx" of the Boche army.

Ordinarily a congressman or senator represents his state, sometimes putting the state first and the country afterward. Just now the order must be reversed. National interests must take precedence over local affairs. Remember that and vote accordingly at the primaries next month.

Boys of eighteen will not be rushed over to France but will be given a preliminary training at home that will fit them for service if they are actually needed. The purpose of the measure is to show the Kaiser this country proposes to go the limit for the principles this country represents.

Illinois has since this war began placed many thousands of names on her service flags. The grand total to date is 280,029 and many may be surprised to learn that of this total 124,802 men were enlistments. The number furnished by the exemption boards was 116,886, so that quite a number more were credited to enlistment than to selective conscription. The total number furnished—280,000 is in excess of the

total number that served from Illinois during the Civil War. That is the work of but one year—the next will be even a greater one if necessary.

**BE OPTIMISTIC AND PREPARED.**  
The Paul Reveres of the new dispensation are still rushing to and fro on the face of the earth, warning us against the "perils of optimism." They apparently wish to substitute the raven for the American eagle, on the theory that croaking is more stimulating than screaming. If there was a single sign of relaxation of effort on the part of the optimists who are eager to whip the Germans within the next twelve months, these warnings would be of value. But there is not, says the Globe. More is to be dreaded from the leisurely folks who find fascination in fearing the worst, who talk awesomely of German invincibility and of the long, weary years of war ahead of us. It is the optimists who are insisting on throwing all America's mighty strength into the war at once.

One of the most conspicuous of the peripatetic apostles of pessimism was specializing a while back as a critic of headlines. He found only three newspapers in the country, one in New York, another in Chicago and the third in Kansas City whose headlines toned the report of the American part in the repulse of the fifth German offensive and in the counter attack to suit his sense of proportions. In his narrow, technical view the fighting around Reims was unimportant, even comparatively trivial. He belabored headwriters who failed to use the qualifying adjectives that would bring the general depression he deems essential to the maintenance of the American fighting spirit. His view, shared by a few long-range military experts, solicited of their reputation for caution, was wrong and the popular view was right.

The correspondents on the battle front caught the significance of the first test of American fighting on a large scale. So did the neutral press of Europe. It filled the allied world with admiration and new confidence. It weakened the morale of the German troops and is still sapping the German civilian morale. All the dignities and distinctions France and England confer have been given American generals and soldiers, showing allied officialdom's view of the "unimportant action." It furnished the demonstration Foch needed before launching his series of offensives, which even the most cautious long-range military experts now approve, although some still set limits Foch ignores. It was the turning point of the war and was properly celebrated as such by all who recognized its real significance.

## RIPPLING RHYMS

**BRACE UP.**  
Cheer up, the heat may take the starch from you, this time o'

year, but there will be no heat in March, and March will soon be here. Cheer up, the feeling half way dead, exhausted by the grind; there's always solace just ahead, and history behind. Cheer up, if tired of buying ice, which thins your meagre roll; for soon you will dig up the price for loads of state and coal. Cheer up if war news shows reverse for armies of our own; the Teuts will strike a whole lot worse than ever we have known. Cheer up if bread is lacking wheat, and long on bran and chaff; the tempting loaf you do not eat means some Hun's epithet. Cheer up if all our wires seem crossed, and government dislocated; believe me everything's not lost because you are not pleased. Cheer up if Foch is doing things you do not understand; he's out to get some Bulgar kings, and see some Kaisers canned. If some discomforts you should know, don't spring a grouchy wheeze; our boys who face the fighting foot don't back on beds of ease. Cheer up! Let every word and deed be of a hopeful style; cheer up, for other people need the comfort of your smile.

## THIS DATE IN HISTORY

August 24, 1862—About twelve hundred and fifty of Morgan's men captured in Ohio are now at Camp Douglas, Ill.

## PROTECT YOUR CAR FROM THEFT

A prominent Morgan county farmer's car was stolen Saturday night, damaged and left by the roadside. The Gerber-True auto lock is protection against theft. A different combination lock for every car; simple for the owner to operate, a puzzle for thieves. A lock at \$4 is cheap protection. See them at our store.

## TIRED OF SAVING?

Are you tired of saving food? Tired of making bread from flour you never used before, tired of going without sugar, tired of having to say, "I can't it's against the rules of conservation?"

Yes, and there are others who are tired. The British Tommy and the French poilu are tired of four years in muddy trenches. The pitiful "army of civilians behind the lines" is tired of Hun servitude. Some of our own American boys may be tired of a little tired of being 3,000 miles away from home with no immediate prospect of return. No one hears a murmur from across the water about the fatigue that lies heavy upon the whole allied world. They are out to win. They may drop for a moment, but there is always "the second wind" which never fails to come.

Here at home are persons who complain of being tired of their share in the war when that share is merely judicious eating. They long for peace as a time of bountiful food, as if more food in the future were the only thing for which millions of men have given their lives.

Grim, determined and uncompromising, the American soldiers and sailors go about their job. War to them is a task, an opportunity, a duty; so why complain? The morale of this army of ours is dependent on the strength of those at home. A whisper of complaint goes far and grows louder as it resounds across the Atlantic. Imagine the thoughts of a soldier standing in the mud and rain, with shells bursting all around him, when he reads in a letter from America, "We are feeling the war now. We get no more than two pounds of sugar each month, and I have not seen wheat bread for weeks."

Feeling the war? Well, perhaps. But not the way the women of northern France are feeling. The strong chain which pulls for victory must not be weakened by a single link of complaint. The rules for saving food are not unreasonable. Remember there are those in this world who are really tired and are too brave to say so.

O. G." (Prudential Old Guard) engraved on it. Mr. Hatfield is one of the veteran life insurance men of the city and has a good record.

## PATRIOTIC SERVICE LEAGUE ORGANIZED

Officers Selected and Plans Outlined at Meeting Friday Evening—Much Enthusiasm Shown—Musical Program Given.

The Girl's Patriotic Service League was organized last night with great enthusiasm. The rain kept a number from attending, but those present made up in spirit what they lacked in numbers.

Miss Mary Alexander was chosen captain and the following were chosen lieutenants for the various wards:

First ward—Hester Doyle.  
Second ward—Ida Widmayer.  
Third ward—Margaret Bancroft.

Fourth ward—Adelaide Palmer.  
South Jacksonville—Anna Dewey Doan.

These will form a temporary committee to work with Miss Grassly in enlisting and informing the ward units.

The meeting opened informally with Miss Bridge and Miss Lena Hopper leading in community singing. The Red Cross quartet then most delightfully entertained for half an hour. This quartet composed of the following girls: Misses Mabel Wyatt, pianist; Hilma Franz, vocal soloist; Helen Sorrells, violinist and Bernice Wood, reader, deserve a great deal of credit for the splendid manner in which they are serving their country.

Miss Margaret Bridge is a splendid leader and succeeded in enlisting every girl present and there is little doubt of the success of the movement in Jacksonville with such a start.

Those who did not have an opportunity of hearing Miss Bridge last night may have that pleasure at chautauque some time Sunday if room can be made for her on the already crowded and exceptionally fine chautauque program.

She goes with Miss Grassly to Waverly today to organize a unit there but will return this afternoon and will be found on the chautauque grounds in the evening.

## WARNING. BICYCLE RIDERS

All bicycle riders are warned not to ride bicycles on sidewalks adjacent to paved street. Those doing so will be liable to arrest and fine. This ordinance will be strictly enforced.

## IT'S CROWNING GLORY.

On Monday, Aug. 26, inst., the greatest feature of the State Fair at Springfield will be its observance of the Centennial of Illinois. The gates and all the exhibits, unless it be livestock due at other fairs, will be open, free, to every one.

In the afternoon Col. Theodore Roosevelt, of New York, will make the address at the "Grand Stand."

It will be a great occasion, and Jacksonville should hang out its national flags and its Illinois Centennial flags. The State at large should take notice of its own high days, and Jacksonville has been one of the places most profoundly interested in and valuable to, the development of the Great Prairie State.

## CAMP GRANT TO REPLACE OFFICERS

Form Two Medical Units at Base Hospital for Replacement Purposes in France.

Camp Grant, Rockford, Ill., Aug. 23.—Indications that Camp Grant is to become one of the most important cantonments in the country in supplying medical officers for replacement purposes in France as well as infantry regiments came to light today when the formation of two medical replacement units was begun at the base hospital. It is the purpose to immediately begin the training of 500 physicians and surgeons who are already in the service and who will be divided into two camps to be known as the 36th and 37th medical replacement units, with fifty officers who already have had training in the base hospital as members of each school. The 36th unit will be in charge of Captain James E. Cramond and the 37th unit will be under the guidance of Captain Fred C. Warfel.

**GIVEN COAT OF GLUE**  
Rockford, Ill., Aug. 23.—Federal authorities are looking for a man who attacked 14 year old Ralph Bergstrom yesterday with a club for patriotic cartoons drawn for a furniture company where he was employed. ## Old Folks Saved From Suffering

Mrs. Mary A. Dean, Taunton, Mass., in her 87th year, says: "I thought I was beyond the reach of medicine, but Foley Kidney Pills have proven most beneficial in my case."

Mr. Sam A. Hoover, High Point, N. C., writes: "My kidney trouble was worse at night and I had to get up from five to seven times. Now I do not have to get up at night, and consider myself in a truly normal condition, which I attribute to Foley Kidney Pills, as I have taken nothing else."

Mrs. M. A. Bridges, Robinson, Mass., says: "I suffered from kidney ailments for two years. I commenced taking Foley Kidney Pills ten months ago, and though I am 61 years of age, I feel like a 16-year-old girl."

Foley Kidney Pills are tonic, strengthening and up-building and restore normal action to the kidneys and to a disordered and painful bladder. They act quickly and contain no dangerous or harmful drugs.

**DUN'S REPORT.**  
New York, Aug. 23.—Dun's to-  
morrow will say:  
"Recovering tendencies in trade  
and industry have appeared in  
some sections where excessive  
heat and humidity had repressed  
activities and more vigorous pro-  
secution of war work has fortun-  
ately been possible. With con-  
stantly enlarging proportion of  
the country's industrial facilities  
concentrated on demands of press-  
ing character less important re-  
quirements are of secondary con-  
sideration and manufacturers and  
dealers hesitate to accept civilian  
orders while there is a prospect  
of a call for supplies for the  
war." Weekly bank clearings  
\$5,442,524,610."

**CORN CLOSES AT LOSS**  
CHICAGO, Aug. 23.—Corn  
broke sharply today on soaking  
rains in Kansas and showers in  
Missouri and Michigan, closing at  
a net loss of 1 1/2 to 2 1/2c. The re-  
turn of Mr. Hoover from Europe  
was noted with interest as he  
was expected to modify or elimi-  
nate the fifty-fifty rule of buy-  
ing substitutes with wheat pro-  
ducts.

October corn closed 1 1/2c under  
yesterday at \$1.63 1/2.  
Oats were inclined to bullish-  
ness at the state but bearish ex-  
ample in corn operated to make  
closing prices 1 1/2 to 1 3/4c net low-  
er.

Provisions were dull and in  
sympathy with corn and a lower  
market at the stock yards. Closing  
prices were 10 to 12 1/2c lower  
for lard, 2 1/2 to 2 5/8c for ribs and  
4 1/2c down for pork.

The Jacksonville Chautauqua  
is well under way. The rain  
storm Friday afternoon caused  
some temporary inconveniences,  
but paved the way for better days  
and really made a substantial  
contribution to chautauqua suc-  
cess. Irvin S. Cobb, lecturer and  
publicist, was the stellar attrac-  
tion of the day, with musical  
features of the program in the  
competent hands of the Davies  
Light Opera Co. Platform Man-  
ager Gilbert gave an interesting  
nature talk and G. B. Kendall,  
discussed outdoor art. A Boy  
Scout demonstration was the re-  
maining feature of the program.

**Talk on Birds.**  
The first formal number was  
the talk on birds by Prof. J. P.  
Gilbert, and as usual, the address  
was more than excellent. Prof.  
Gilbert is so thoroughly posted and  
has such a happy way of telling  
what he knows that his talks are  
always interesting and instruc-  
tive and while the audience yes-  
terday was larger than was the  
case generally last year, still a  
great many more should have  
been present. The number of  
children listening was gratifying.

The theme was bird homes. He  
remarked at the beginning that  
the removal of forests and hedg-  
es had much to do with the de-  
pletion of bird population and  
the little songsters fail to find  
satisfactory homes and all pos-  
sible should be done to supply  
them.

## Films

AND THE BEST  
IN ALL PHOTO  
SUPPLIES.

Films are a necessary  
part of the camera out-  
fit. Cameras merely  
supply the mechanical  
fixture for "holding"  
the picture, but it is the  
film upon which the  
picture is impressed.  
Buy good films and you  
will get good pictures.  
We sell the best films  
on the market. Remem-  
ber also we sell the best  
in all photo supplies. So  
no matter what camera  
you use, buy your sup-  
plies here and you'll  
have your pictures look  
much better.

One class of birds we need  
much is woodpeckers. They seek  
dead trees for their nests and are  
very useful in destroying enemies  
to trees. In his place at home  
some fine films have died from  
the borer which a plenty of  
woodpeckers might have saved.  
If you find a piece of an old  
tree which would serve as a good  
place for a woodpecker's nest or  
one which has so served cut it  
out two to four feet long and  
place it about your home and  
they may find and use it.

Bird contests are a fine thing.  
There is a society in Anna which  
competes for prizes in bird  
houses and home and it is a fine  
thing.

When houses can easily be  
made with an empty tin can  
fastened at one end to a proper  
place; then in the middle of the  
other end lay down a 25 cent  
piece, cut a hole a trifle larger,  
bend down the piece for a roost-  
ing place and you have it. Don't  
have a place too large, have the  
entrance too small for the Eng-  
lish sparrow.

Wrens rear from six to eight  
young at a time two broods in a  
season. Have the houses scattered  
and not many of them and  
one in a place.

Purple Martins may be at-  
tracted by houses containing  
many apartments. A good bird  
attraction is a mass of brush  
overgrown with vines and the  
more tangled the better as it  
may be impervious to cats. Put  
out suitable feed, right on the  
window sill, and they will find it;  
let them know you are their  
friend. Mr. Heintz has many  
very fine attractions for birds and  
his place is well worth studying  
only much could be done with  
less expense.

**Out Door Art.**  
County Advisor G. B. Kendall  
came next with a fine talk on  
out door art. He told in a graphic  
way how farm buildings should  
be constructed and arranged.  
Even if a man has but small  
means there is no reason why his  
home should not be attractive.  
Have a suitable plan in arrang-  
ing the buildings, fences, logs,  
trees and the like and work to it  
and the home may be attractive  
and the boys and girls will take  
a pride in it and not be in a hurry  
to get away from the city.

**Afternoon Program.**  
The afternoon program began  
with an invocation by Dr. W. E.  
Sprouns and then the platform  
manager, Prof. Gilbert, announced  
the concert program by the  
Davies Light Opera Co. This  
group of singers proved very pop-  
ular with the audience. There  
were also a quartet and double  
quartet numbers, mostly of a  
patriotic kind, some old time  
favorites were also heard.

Altogether this musical pro-  
gram served as a fine introduc-  
tion for the lecture by Irvin S.  
Cobb which followed. Mr. Cobb  
ranks now as one of the best  
known humorists and magazine  
writers in the country. In lat-  
ter years he has come into special  
prominence because of his visit to  
the war front and subsequent  
lectures and articles that have  
come from his pen. The heavy  
downpour of rain interfered with  
the speaker to such an extent  
that several intermissions were  
necessary.

When the rain beat heavily upon  
the tent it was impossible for  
the audience to hear, and Mr.  
Cobb would indicate by a wave  
of his hand that there could be  
no more talking until there was  
a lull in the storm. So it hap-  
pened that an address normally  
an hour and 15 minutes long was  
lengthened into two and a half  
hours. That the audience was  
interested was indicated by the  
fact that there were nearly as  
many people at the close as at  
the beginning, notwithstanding  
the heavy rainfall.

In Belgium in 1914.  
Mr. Cobb's humor is of a dry,  
quaint kind which can hardly be

reproduced in a newspaper ac-  
count of his lecture. He took  
his visit to the war front as his  
theme and the tragedy of what  
he saw was lightened greatly by  
his humor and ability to picture  
the ludicrous side of intensely  
serious scenes. In the beginning  
he said that as a speaker going  
from one platform to another that  
he might have some mercenary  
motives, but that he could justly  
claim another purpose—that of  
an earnest desire to tell the peo-  
ple about what he had seen and  
heard in Europe.

He related how with a group  
of other newspaper correspond-  
ents he arrived in Belgium in  
1914 in the early stages of the  
war, a time which he counted as  
in some measure the most tragic  
in all the contest. The Americans  
arrived three days after the Ger-  
man occupancy of Brussels. They  
were all good walkers and after  
riding as far as they could, start-  
ed out to overtake the German  
army. Men in that army in ad-  
dition to carrying rifles and some  
other equipment, were burdened  
with 60 pounds of luggage, yet  
on one day they march 32 miles.

When the American newspaper  
men finally came up with the  
troops they found the men so  
worn that they tramped mecha-  
nically. They had glazed eyes and  
many of them moved with parch-  
ed and swollen tongues, falling  
from their lips. When the order  
came to break ranks these men  
and officers fell just where they  
were in the road or in the ditch,  
and slept. There they remained  
until an early morning hour and  
the order came to move on. The  
speaker mentioned this incident  
to show the speed of the move-  
ment of German troops and how  
they are pushed forward with  
inhuman ruthlessness on the  
command of the war lords.

### War Correspondents and War Lords

On the day following the Amer-  
ican war correspondents, who  
after their eight days of travel-  
ing were stained and unkempt,  
marched forward into a village  
square where the fourth son of  
the present (and last) Kaiser, Mr.  
Cobb said, was receiving his  
staff officers. These officers  
were bejeweled and bedecked in  
such a way that their uniforms  
glowed continuously in the sun-  
shine. The speaker said that  
some of them had so many med-  
als and decorations that they  
would put John Philip Sousa to  
shame. This scene was described  
minutely in a way that evoked  
many a hearty laugh but also im-  
pressed upon the audience what  
German militarism means in the  
conduct of troop movement and  
in the servile way which the pri-  
vates of the German army must  
bow to the will of the staff officers  
and commanders.

These American war corres-  
pondents, bedraggled and torn,  
went boldly forward into the  
magnificent presence and when a  
seemingly startled colonel ap-  
proached from the group, they  
introduced themselves. A hearty  
laugh went up from the assem-  
blage of officers but that did not  
prevent the newspaper men from  
becoming the guests of the  
German government. Later  
in the day they were placed on  
a train and transported to a place  
beyond the German lines. Mr.  
Cobb said that so far as he could  
discover the only difference be-  
tween being the "guest" of Ger-  
many and a "prisoner" at that  
time was that the prisoners were  
occasionally fed.

As certain evidence of the Amer-  
ican spirit Mr. Cobb told of  
his experience when he was in  
the army outpost when Ameri-  
cans were chosen for their first  
expedition for going "over the  
top." For the perilous undertak-  
ing of that night forty five men  
were to be chosen from each of  
three regiments of the Rainbow  
division. The men were told  
that the number would have part  
in that first raid and Mr. Cobb  
was present when the colonel of  
an Ohio regiment told the 832  
men of his company what was in  
prospect. He told them that the  
cause of the extra hazard that  
no man would be detailed for  
that service and that there was  
no reflection upon anyone as a  
man or a soldier if he did not  
feel called upon to volunteer. He  
made it plain that all those who  
started on the night's expedition  
would not come back—possibly  
none of them. Then the com-  
mander asked all who wished to  
go on that raid to step forward

### SUFFERED AGONIES WITH HER HEAD

Was Almost Desperate Says  
Arkansas Lady, But Re-  
lief Finally Obtained  
Through Use of  
Cardui

Ft. Smith, Ark.—Mrs. J. B. Clift  
of this place, writes: I am the  
wife of a groceryman in Ft. Smith,  
also Van Buren, Ark. For the  
benefit of my friends and all other  
women, I am writing this.  
I have been troubled all my life  
with . . . All my life, from the  
time I was 13 years old, I suffered  
agonies with pain in my head . . .  
Our family physician doctored me  
but did me no good. A friend told  
me about Cardui, and how much  
good it had done for other women.  
I was almost desperate, so decided  
to try it. I took two bottles . . .  
and felt so much better in every  
way that I took another bottle,  
then another, which made my  
fourth bottle. This has been five  
years ago, and I have been . . .  
ever since. I think Cardui a won-  
derful medicine and I advise all  
women, who suffer from womanly  
troubles, to take it.  
Cardui is recommended for  
weak, ailing women, who need a  
strengthening, tonic medicine to  
help build them up, and assist in  
restoring normal, natural condi-  
tions. If you suffer, as most wom-  
en do, at times, from womanly  
troubles, try Cardui, the woman's  
tonic. Forty years of successful  
use are back of it.

**Patriots All.**  
"Had you as an onlooker turn-  
ed your face away for a moment  
and then looked back upon the  
soldiers you would have decided  
that not a man had moved, but  
that fact was that without excep-  
tion, with no lagging, those 832  
Ohio lads moved forward as one  
man in expressing their wish to  
be of the 45 who would go on  
that night's raid. Afterward I  
heard non-commissioned officers  
and privates come to the com-  
manding officer and fairly beg  
to be allowed to go upon that  
raid."

"Anyone who thinks that the  
drivers of supply train trucks  
are not gallant and do not meet  
perils of conflict are mistaken.  
Often German batteries turn  
their attention to supply trains  
and it is not an infrequent oc-  
currence for drivers to be killed  
or wounded. One night as we  
were riding on a supply train a  
few miles from Montdidier a  
shell struck in such a way that  
two lads were killed and five  
wounded. We picked them up  
as best we could and placed them  
upon the trucks they had been  
driving. The sergeant reported  
seven wounded but we could find  
only four and thought that there  
had been confusion. I figured.  
We drove on five miles to a tem-  
porary camp and as we were  
awaiting there in the morning  
light we saw coming painfully  
toward us two figures.

**Wounded, But Undaunted.**  
"When these boys arrived they  
were smeared with blood. One  
of them was minus two fingers  
and a thumb and had bound up  
his wounds himself with a por-  
tion of his shirt sleeve. The other  
had a great hole in his jaw  
where a portion of a shell had  
knocked out teeth. These wab-  
bling, tottering blood-smeared fig-  
ures came into camp after drag-  
ging themselves over that five  
mile road. "It was then that I  
saw that they had had hidden in  
the brush when the other wounded  
were picked up and after the  
trains had moved on had follow-  
ed. They did not want to go to  
the dressing station for fear they  
would be sent to a hospital back  
of the lines and thus be taken  
away from the fighting."

**FLY FROM FRANCE TO  
ENGLAND IN HALF HOUR.**  
London, Aug. 23.—A large Brit-  
ish airplane carrying its crew and  
nine passengers has made the trip  
from France to England, it is an-  
nounced here. The whole journey  
from an airfield in the interior  
of France to one in the interior  
of England occupied little more  
than a half hour.

The test was made under rou-  
tine conditions with an ordinary  
service airplane of the largest  
type. The passengers carried the  
normal amount of baggage as if  
traveling by train or boat.

**SPECIAL ASSISTANTS.**  
Washington, Aug. 23.—Major-  
General Williams, chief of or-  
nance, today announced appoint-  
ment of five special assistants to  
act for him in the general super-  
vision of the various activities of  
the ordnance department. They  
are: Colonel Guy E. Trippe, W. H.  
Marshall, Lieutenant Colonel Bas-  
com Little, Lieutenant Colonel W.  
C. Spruance and Lieutenant Col-  
onel Ralph Crews.

**J. M. FARLEY BETTER.**

Mamaroneck, N. Y., Aug. 23.—  
Attending physicians reported a  
slight change for the better in the  
condition of Cardinal John M.  
Farley, archbishop of New York,  
in a bulletin issued this morning.  
They stated, however, that the  
prelate's illness of hypostatic  
pneumonia keeps him still in a  
very critical state.

Because of the wet grounds  
near the platform, members of  
the Davies Opera Co., found it  
inadvisable to give the opera,  
"Olivette" with the various changes  
of costume required. Instead, a  
varied and meritorious program  
was presented. The members of  
the company found favor with  
the audience, just as they had  
done in the afternoon.

### CHAUTAUQUA NOTES

Secretary Rice reports all  
tents taken and several that he  
sought in the country to fill the  
demand for beds seem apt to ex-  
ceed the supply.

Camping seems to grow in  
popularity each year and the  
tenting colony are sociable,  
friendly and happy.

Plenty of Gravel Springs water  
for drinking dispels the fear of  
contamination from that source  
and all precautions for health are  
being taken.

Superintendent Schaefer and  
his assistant are all the time  
seeking the welfare of the chautau-  
qua and all possible is being  
done for the welfare of all on the  
grounds.

Mullenix & Hamilton have the  
most attractive place they have  
yet had and are doing a good busi-  
ness as they deserve.

The ladies in charge of the  
dining pavilion are doing splen-  
did work as was expected. All  
moves smoothly; the meals are  
good and well served and mat-  
ters are moving smoothly in that  
direction with nothing of which  
they complain.

The Volasol Camp Fire Girls  
are having a fine time. Mrs.  
Frank Heintz is guardian with  
Miss Ruth Bailey assistant. The  
members are Catherine Wilson,  
secretary; Mabel Rogers, treasur-  
er; Caroline Boone, Edith Put-  
nam, Helen Dal, Helen Walton,  
Lois Harney, Mary J. Capps and  
Frances Griswold.

Mr. and Mrs. C. A. Zimmerman  
of LaGrange are guests of J. E.  
Knapp and family.

The Red Cross headquarters  
the Council of Defense and oth-  
ers loom up finely. The Red Cross  
do at times, drive a fine sign over  
their tent and it looms in fine  
shape at night.

The shallow condition of the  
lake is a source of great regret

but cannot be helped. It is like-  
ly to hold out till the end of the  
chautauqua should there be no  
more rain so there will be enough  
water for sprinkling.

Some of the tent names adopt-  
ed are "Safety First," "Peace-  
cock Inn," "Camilla," "Ouling Inn,"  
"Daniels Den," belongs to Mr.  
and Mrs. C. T. Daniel of Murray-  
ville; "Cart-on-Inn" and "Al-  
fresco."

Mr. Cobb reached Jacksonville  
Friday afternoon after an all  
night journey from Richmond,  
Ind. He left Jacksonville for Ac-  
tica, Ind., where he is to make  
a Chautauqua address today.

A slight change of program  
was made last night whereby the  
Davies Light Opera Co. will pre-  
sent the opera "Pinafore" this  
afternoon and "Olivette" tonight.  
Another change announced was  
that Congressman Medill Mc-  
Cormick will speak both after-  
noon and evening. This change  
was made because Mrs. McCor-  
mick, announced for an evening  
address, cannot be present.

The big tent withstood the  
heavy rain in fine shape yester-  
day altho a break occurred at one  
spot. This tear will be repaired  
today, and except for this one  
place the ground underneath the  
tent is dry. Those who have  
examined the tent and noted the  
seating arrangement declared  
that the arrangement for this  
year is better than ever before.

Many Chautauqua patrons, and  
especially campers, were wishing  
for a Bell telephone yesterday.  
The management is hopeful that  
a Bell phone may yet be installed  
for the convenience of patrons.

After his address yesterday  
afternoon Mr. Cobb paid a brief  
visit to the tent of the Volasol  
Campfire girls who are attending  
the Chautauqua with their  
guardian, Mrs. Frank J. Heintz.  
The girls very much appreciated  
the opportunity of this "near  
hand" view of the famous writer  
and lecturer.

The Chautauqua management  
wishes to express appreciation to  
Mrs. Helen Brown Read and the  
Canteen girls for their excellent  
musical features of the Thurs-  
day night program. The man-  
agement is also indebted to L.  
E. Wackerle for the operation of  
the moving picture machine.

### SINK 3 U. S. VESSELS IN FOREIGN WATERS

Vessels Sunk by German Subma-  
rines Navy Department An-  
nounces.

Washington, Aug. 23.—Sinking  
of three American vessels in for-  
eign waters by German subma-  
rines were announced today by  
the navy department. The steam-  
ship Lake Edon, an army chartered  
cargo transport, was sunk on  
August 21, the U. S. S. Westbridge  
of 8,800 tons on August 16 and  
the U. S. S. Cubore of 7,300 tons  
on August 15.

Sixteen of the crew of the Lake  
Edon are missing, 39 having been  
accounted for. The names of the  
missing have not been reported to  
the navy department. Three men  
were reported lost in the sinking  
of the West Bridge. There was  
no loss of life among the crew of  
the Cubore.

Members of the crew of the  
West Bridge reported lost are:  
Jens P. Nielsen, fireman, Den-  
mark.  
William I. Porter, fireman,  
Portland, Ore.  
Robert J. McConkey, fireman,  
Mount Vernon, Wash.

The West Bridge and Cubore  
were homeward bound when sunk.

### FOUND DEAD IN HOTEL.

Chicago, Aug. 23.—M. E. Beck-  
er, a wealthy harness manufactur-  
er of Polo, Ill., was found dead  
in a downtown hotel today. A

Zeitung of Bremen. He was  
caught by peasants, while attempt-  
ing to flee southward, and hand-  
ed over to the British.

### AUTO GOES OVER CLIFF.

Monmouth, Ill., Aug. 23.—Mrs.  
E. F. Kimmelschue, 45 years old,  
and her two sons, Stinson, 18,  
and Robert 11, were killed yes-  
terday on Fall River Drive near  
Estes Park, Colorado, when the  
automobile in which they were  
riding went over a steep cliff in  
the mountains. News of the ac-  
cident was received here today.

### HANG 300 CZECHO- SLOVAK PRISONERS

AMSTERDAM, Aug. 23.—Rus-  
sian Red Guards, after the cap-  
ture of Simbirsk, on the Volga,  
accordin gto a Moscow despatch  
to the Hamburg Nachrichten pub-  
licly hanged in the market place  
300 Czecho-Slovak prisoners. The  
hanging, it is declared, were a  
reprisal for "atrocities" commit-  
ted in the town during its occupa-  
tion by the Czechs.

### Ugly, Unsightly Pimples

### Are Signals of Bad Blood

#### Give Heed to the Warning

Pimples on the face and other  
parts of the body are warnings  
from Nature that your blood is  
sluggish and impoverished. Some-  
times they foretell eczema, boils,  
blister, scaly eruptions and other  
skin diseases that burn like flames  
of fire.

They mean that your blood  
needs S. S. S. to purify it and  
cleanse it of these impure accu-  
mulations that can cause unlimited

trouble. This remedy is the great-  
est vegetable blood purifier known  
and contains no minerals or chemi-  
cals to injure the most delicate  
skin.

Go to your drugstore and get a  
bottle of S. S. S. today, and get  
rid of those unsightly and disfig-  
uring pimples, and other skin irri-  
tations. And it will cleanse your  
blood thoroughly. If you wish  
special medical advice, you can ob-  
tain it without charge by writing  
to Medical Director, 29 Swift La-  
boratory, Atlanta, Ga.

## PASSAVANT HOSPITAL IN NEED OF FUNDS

Meeting of the Board of Trustees Reveals Need of Funds to Carry Out Improvements Absolutely Necessary—Some Figures Showing What Has Been Done and What Is Needed.

There was a meeting last evening of the trustees of Passavant hospital to consider the matter of the improvements under way, improvements needed and the financial matters connected with the same.

C. A. Johnson for the special committee on grand rally reported as follows:  
Total subscriptions . . . \$44,002.40  
Of this sum there was given by S. W. Nichols as a starter and invested in the nurses' home . . . 15,000.00

Leaving to be collected . . . \$29,002.40  
There has been collected to date . . . 20,908.30

Balance due on collections . . . \$ 8,094.10  
A great deal of this is in doubt. A good many letters notifying subscribers have been returned uncalled for and a good many addresses of subscribers are not known at all, so that it will not do to consider the last named sum as an asset at anything like part, the it is hoped that a good part of it may be collected.

It will be necessary to have a new boiler and heating plant for the whole group of buildings, the new boiler in addition to the ones now in use which would be moved to the new building.

Payments on recent improvements have been made as follows:

On new addition . . . \$ 7,958.50  
On other improvements mentioned . . . 4,029.81

Total . . . \$11,988.31  
Collections to date . . . \$20,908.30

Balance . . . \$ 8,919.99  
The following amounts are due on contracts:

New building . . . \$12,730.90  
Boiler house . . . 1,441.00  
Plumbing contract . . . 2,249.90  
Heating . . . 1,629.00

Total . . . \$18,050.80  
Additional expenses estimated:

Architect . . . \$ 600.00  
New boiler . . . 1,800.00  
Moving and resetting old boilers . . . 3,000.00

Total . . . \$23,405.80  
On hand as stated . . . \$ 8,919.99

Deficit . . . \$14,485.81

This does not include furnishing the new addition. A crying need also is a laundry, so that today Passavant hospital should have at least \$22,000. Some of the sums due on the subscriptions of the grand rally of 1915 may be secured but at least in all probability something like \$20,000 is urgently called for as it is now the hospital is crowded to its utmost limit; the last room has been taken for an accident case. The new rooms are imperatively called for.

The new building will add twenty rooms each with toilet and closet for clothes. Sooner or later more room will be needed for returning soldiers and the whole building will be taxed to care for them.

Here is a cause fully as worthy as any that has been before the people in this city.

The hospital is for all. Will its needs be supplied? The case cannot be put too strongly.

## SCOTT CO. TEACHER'S INSTITUTE NEXT WEEK

Will Be Held August 26 to 30 Inclusive. Draft Men Called for September 3 to 6—Receipts of Red Cross Picnic.

Winchester, Aug. 23.—The Scott Teachers' Institute will be held in the grade building here from August 26 to 30, inclusive. Sessions will open at 9:00 o'clock Monday morning. The instructors will be Mrs. Wallace Kinison, Winchester; D. T. Hollis of Macomb, and H. G. Russell of Beardstown. The subjects taken up will include music, English, arithmetic, physiology and Illinois History.

Miss Dorcas Coultas arrived home from Beardstown Thursday where she has been visiting relatives.

The following twelve boys have been called to fill the draft call for Sept. 3-6. They will report to the commanding officer at Camp Custer, Michigan:

Fred Elliott, Winchester.  
Rudie Alders, Naples.  
Virgil Ross, Alsey.  
Bruce Burrows, Winchester.  
James Whitlock, Oxtville.  
Bennie Malone, Glasgow.  
Ora Bloomfield.  
Arthur D. Sandman, Exeter.  
William Campbell, Oxtville.  
George H. Ryan, Bloomfield.  
Eric Nortrup, Bluffs.  
Squire Edward Arundell of Bluffs will go to the Armour Institute, Chicago, on Sept. 1. He is the last of the 1917 registrants. This call takes all of the 1917 Class One men.

Mrs. Davis Watts met with a painful accident Wednesday when she ran a shingle nail into her foot. She will be unable to walk for several days.

The total receipts for the Burgo Picnic held Wednesday amounted to \$2,840. A glance at the amount of some of the things sold will show the magnitude of the picnic: 417 pies were sold; 290 gallons of ice cream; 350 fried chickens; between 650 and 700 gallons of burgo was consumed. The stores and banks closed their places of business from ten o'clock in the morning until ten o'clock at night.

Quite a number of the D. A. R.'s went to Alsey Friday morning to attend the funeral of the late W. J. Icenogle, who died Wednesday morning, after a long illness. The funeral was held from the First Baptist church at ten o'clock Friday morning. He was 87 years old at the time of death.

Frank Switzer has been appointed manager of the local station of the Illinois Public Service Company, to succeed George C. Welch, who has entered the army. Mrs. Carl Campbell will be bookkeeper for the company.

## TYPHOID SITUATION DEMANDS ATTENTION

Dr. Winner Reviews Results of Investigation—People Must Follow Sanitation Rules to Prevent Epidemic—Some State Law Requirements.

Speaking at the Rotary club luncheon yesterday, Dr. S. S. Winner reviewed the typhoid fever situation in Jacksonville and what could be done to improve conditions. Dr. Winner has been in Jacksonville for the past week making an investigation and it has been of a thorough kind. He has taken up each case which is now in existence or which has occurred within recent weeks, and has traced the history of all. In his statement yesterday Dr. Winner declared that as a result of these findings it can be said that about 75 per cent of the cases in Jacksonville can be attributed to one well from which persons taking the disease have been infected. Dr. Winner was introduced to the Rotary by President H. M. Capps. Irvin S. Cobb, author and lecturer, was also to have met with the club but did not arrive in the city until 1:20 an was so travel worn that he could not attend. Dr. Winner impressed his hearers not as a man who wanted to make sensational charges but rather as one who had made a thorough investigation and reached definite conclusions. As he had done in previous statements, Dr. Winner laid emphasis on the thought that it is inexcusable for a city to permit typhoid conditions, since these conditions arise from carelessness or imperfect sanitation.

## Fundamental Conditions Bad.

Speaking further, Dr. Winner said: "After a thorough investigation of the typhoid situation in this city, I find that unsanitary fundamental conditions are responsible for the present outbreak. The lack of pure city filtered water is the cause of the epidemic. I thoroughly investigated milk conditions in this city and do not believe that any typhoid can be attributed to that source."

"People of Jacksonville face the danger of a wide spread typhoid epidemic unless these conditions can be radically changed. Meanwhile I wish to impress upon the public the importance of safeguarding the health and life of individuals by adopting the following rules:

"Do not visit typhoid patients. "Boil your drinking water for 30 minutes. Boil or pasteurize your milk."

"Vaccinate against typhoid fever."

"Exterminate the fly by screening your houses and privies and clear up all garbage, which is the breeding place of flies."

"Do not eat uncooked food or vegetables."

"All the precautions possible are being taken to eliminate the places that are spreading typhoid, but in the meanwhile do not neglect the simple means of safeguarding yourself and family against this dangerous disease."

## Rules for Physicians.

"All physicians and others are warned that all cases of typhoid fever or suspected typhoid fever are to be reported within 12 hours in writing to the local health department. The law provides a penalty of \$200 fine or 3 months in jail or both, for failure to comply with this rule."

"Physicians are urged to make an early and positive diagnosis by resorting to the laboratory facilities that the state is offering free to all."

"During my investigation in this city I have had the hearty co-operation of Mr. Martin, the commissioner of public health and safety, who has shown great willingness to enforce the various suggestions made by the state board of health."

## State Requirements.

Before leaving the city last night Dr. Winner made known the following state quarantine requirements that he secured from the typhoid fever situation here:

1. Exclude all food handlers from premises occupied by patient home or hospital.

2. Render house and privy fly proof by screening the house and privy and sprinkling crude oil in the privy daily and cause all exposed garbage to be removed.

3. Leave copy of state board circular of instructions with each family quarantined for typhoid.

4. Instruct families as to disinfection of patient discharges. Examine bowel and urine contents of food handlers (patients before releasing from quarantine).

Examine all food handlers bowel contents and urine that have already been released from quarantine.

Demand immediate reports in writing from physicians.

All suspects should be reported in writing within twelve hours after the physician sees the case and quarantine as suspects until diagnosis is made.

Quarantine as soon as report is received.

Advise vaccination against typhoid of all residents make Vidal or Blood Culture Tests as soon as possible.

Prohibit the use of well water by other families from well located on quarantined premises.

Try Knoles for a good summer suit.

GOES TO NEW WORK

Ernest W. Green, son of W. C. Green who has been spending several months in the city will leave today for Ft. Smith, Ark. where he has a position in the auditor's office of the Ft. Smith & Western railroad. Mr. Green was purchasing agent for the road from 1906 to 1915.

NOTICE

All persons knowing themselves indebted to the late G. T. Lifer, will please call at the store in Litterberry and settle their accounts as soon as possible.

### ERROR IN DATE.

In announcement of the night school for the Jacksonville Business College which appeared in the Journal yesterday, the date of the school opening was given as Sept. 3. The correct date is September 4, and the school will begin at that time an eight months' term under direction of G. C. Claybaugh, Principal.

The board has received an order for ten limited service men to report to the commanding officer at Camp Grant. Men qualified for general military duty can not be sent under this call.

The board has received an order for the entraining of thirteen men to be sent to Camp Custer, Battle Creek, Mich., sometime during the period between Sept. 3 and 6. These will be men

qualified for general military service.

The registration of men today who have recently reached the age of 21 will be held at the Morgan county court house.

## I. E. READ CANDIDATE FOR CONGRESS.

Jacksonville friends of Harlan Eugene Read of St. Louis will be interested in knowing that he is a Democratic candidate for congressman in the 10th district in St. Louis. Mr. Read is making his campaign on a claim of "100 per cent Americanism." Mr. Read in his platform says: "I solicit your vote upon the platform of an unqualified support of Democratic policies. I invite the most careful examination of my record in business and political life. The winning of the war demands a complete and sincere support of the administration by all congressmen."
